DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Glenn Brown on December 17, 2003.

The application has been amended as follows:

On Claim 1, Line 11, change "plurality of connectors" to -- plurality of electrical connectors--; change "one connector" to --one electrical connector--; in Line 13, change "connector" to --electrical connector--.

Allowable Subject Matter

2. Claims 1-5, 7, 9-11 and 22 are allowed.

The following is an examiner's statement of reasons for allowance:

The references fail to teach, disclose, or suggest, either alone or in combination, a plurality of connectors configure to be insertable in the at least one connector cut-out and attachable to the respective sub-panel, wherein the at least one sub-panel is

configured to support a one predetermined type of connector and in combination with the rest of the limitations of the base claims.

As discussed in the Interview of December 17, 2003, the Pepe doesn't show the limitations mentioned above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
